- * AER stands for Annual Equivalent Rate and illustrates what the interest rate would be if interest was paid and compounded once each year. AERs on the Monthly Income account assume interest is added to the account each month although in practice the option to have interest added in this way is not available.
- < The gross rate is the contractual rate of interest payable before the deduction of income tax.
- ^ Tax free means exempt from UK income and capital gains tax in the hands of the investor.

Important Information About Compensation Arrangements

We are covered by the Financial Services Compensation Scheme (FSCS). The FSCS can pay compensation to depositors if a building society is unable to meet its financial obligations. Most depositors are covered by the scheme. In respect of deposits, an eligible depositor is entitled to claim up to £85,000. For joint accounts each account holder is treated as having a claim in respect of their share so, for a joint account held by two eligible depositors, the maximum amount that could be claimed would be £85,000 each (making a total of £170,000). The £85,000 limit relates to the combined amount in all the eligible depositor's accounts with the building society, including their share of any joint account, and not to each separate account. For further information about the compensation provided by the FSCS (including the amounts covered and eligibility to claim) please call us on 01623 676300, ask at your local branch, refer to the FSCS website www.FSCS.org.uk or call the FSCS on 0800 6781100. Please note only compensation related queries should be directed to the FSCS.
